1. INTRODUCTION

1.1. Historical Background of the Academy

The Mwalimu Nyerere Memorial Academy is initially a product of Kivukoni College. In February, 1958 the National Conference of TANU which was held in Tabora passed a Resolution to establish a college for adults in the lines of Ruskin College of Oxford University. The College was to be a tool for spreading understanding of social, political and economic problems facing underdeveloped countries such as Tanganyika. The major task was to prepare people who were likely to become leaders in the newly independent country but who did not have qualifications necessary to enter educational institutions. The Adult College was formally established on 29th July, 1961 as a private company under the Companies Ordinance (Cap 212).

The Institution was given the name Kivukoni College. While inaugurating Kivukoni College, Mwalimu Julius Kambarage Nyerere, the President of TANU and the Prime Minister of Tanganyika by then had this to say about the name of the College.

"The name of this College is significant. It is not just the question of the site being of crossing place physically. Tanganyika itself is at the crossing place now; on December 9th, we assume new and great responsibilities. We shall need a strong and able crew to effect a safe journey, and every student must become part of that crew. But first he/she has his/her own crossing to make; a crossing to wide understanding and to new opportunities for service".

Regarding the Adult College, Mwalimu said:

"...Kivukoni College is not intended to be a College for an Elite, it is intended to make a contribution to the development of all the people. To come here as a student is to be given a wonderful opportunity and a privilege. The responsibility is proportionately great. If any student ever tried to divorce himself/herself from the people who indirectly sent him/her here he/she would be abusing the privilege but I do not believe that will happen. The graduates of Kivukoni must be like the yeast in a loaf, effective because it cannot be isolated, its presence being known by the work it had done..."

The College opened with 43 students only. The Subjects taught were Political Science, History, Sociology, Literature, Geography, Administration, Law, Modern Languages plus other relevant subjects.

In 1971 Kivukoni College was transformed into an Ideological College. The College was considered best suited to inculcate the Party Ideology of Socialism and Self-Reliance. The main functions of Kivukoni Ideological College were:

- a) To spread and reinforce the ideology of the Party (TANU) through interpreting, teaching, analysing and defending it and in so doing raise the level of understanding of leaders and masses at large.
- b) To be a source of ideas to help the Party promote the development of Tanzania.
- c) To be a source of information and an advisory organ on various issues regarding the ideology of the Party.

Kivukoni Ideological College had eight zonal colleges, namely Zanzibar, Lushoto, Murutunguru, Hombolo, Msaginya, Mahiwa, Kihinga and Ilonga.

Kivukoni Ideological College and its zonal colleges offered the following subjects:

- a) Ideology and Politics
- b) History – The History of the Party
- c) Political Economy
- d) Management and Administration
- e) People's Combat, and
- f) Social Science Research Methodology.

All zonal colleges except Zanzibar were closed and handed-over to the Government of the United Republic of Tanzania in 1992 due to adoption of the multi-party system which became operational with effect from 1st July, 1992.

In order to enable Kivukoni Ideological College to assume a new role under a multi-party system, the college was transformed into an academic institution and named Kivukoni Academy of Social Sciences (KASS).

The Memorandum and Articles of Association which established Kivukoni Academy of Social Sciences gave mandate to the Academy to undertake the following functions:

- a) To take over the assets and liabilities of Kivukoni College;
- b) To provide instruction to students in various branches of Social Sciences relevant to the promotion and advancement of social, political, scientific and technological development of a developing country;
- c) To provide and assist in the study of Social Sciences and allied subjects through classes, or any other means suitable to that end and cooperate with any bodies that are or may be doing similar or connected work;
- d) To carry out and or sponsor research activities in various branches of Social Sciences and allied subjects and provide consultancy services;
- e) To award certificates, diplomas, testimonials, transcripts in a manner that shows the results of examinations administered by KASS; and
- f) To administer any scholarships or other monies which may become available to KASS, and to conduct tests in a manner likely to assist in the selection of students for whom KASS is designed.

In terms of training programmes, KASS offered a one-year Certificate in Youth Work and two-year Diploma Programmes in Social Studies, Economic Development and Gender Issues in Development.

A national need for expansion of higher education necessitated Kivukoni Academy of Social Sciences to be transformed into a public higher learning institution. The Mwalimu Nyerere Memorial Academy (MNMA) was established by an Act of Parliament No. 6 of 2005. The Act became operational on 1st October, 2005 by publication of Government Notice No. 433 of 23rd December, 2005. The Academy took-over functions, assets and liabilities of the former Kivukoni Academy of Social Sciences.

The Academy has been renamed after Mwalimu Nyerere in honour and recognition of his contribution as the Father of the Nation and the Founder of Kivukoni College.

15.6 The Confucius Institute (CI)

From November, 2015, The Mwalimu Nyerere Memorial Academy (MNMA), in collaboration with the Confucius Institute (CI) at the University of Dar es Salaam and the government through Confucius Institute in China has been offering Chinese language courses in the main campus of Kivukoni.

Since the introduction Chinese language learning programmes by the Confucius institute in Tanzania, many young people and adults have trained in Chinese language courses in various centres operating under the Confucius Institute, including the MNMA. For example, more than 600 Tanzanians have been taught the Chinese language. Currently, about 8000 Chinese language graduates at the CI are employed in China companies here in Tanzania. It is clear that, due to the growing economic ties between China and Tanzania, the demand for Tanzanians to learn Chinese language to create more opportunities is increasing.

Students enrolled at the MNMA in any NTL level will therefore have options to study CL 00101, CL 00201 and CL 00301 for “Chinese Language for Beginners”, “Chinese Language Level 2” and “intermediate Chinese” respectively.

In line with the growing ties between Tanzania and China, the Academy is introducing diploma and bachelor degree courses in Chinese language to prepare Tanzanians to learn, teach and share cultural values and enhance innovation and technology acquisition. The bachelor programme is expected to commence after The National Council of Technical Education (NACTE) approves it.
